A spiral-bound notebook cover featuring a close-up portrait of an older man with grey hair and glasses, wearing a dark suit and a white shirt. He has his hands clasped in front of him, wearing a silver ring and a gold watch. The background is dark. In the top right corner, there is a small Russian flag. The text 'Strategic development' is in white, and '2018' is in large yellow letters.

Strategic  
development

2018

Mr. Sergey Fokin

**Those who do not remember the past,  
do not deserve future**

## Mr. Sergey Fokin's personal background:

*Education:* PhD in historical sciences

*Sports:* water polo, ski,  
track and field, soccer, volleyball,  
Sport referee of high qualification

*Hobbies:* woodcarving, sculpture making,  
painting, house-building

*Family:* married, 8 children, 4 grandchildren.  
"Family World Union" project

*Mr. Fokin came up with and participated  
into following projects*

- The Eastern Siberia — Pacific Ocean pipeline (ESPO pipeline)
- The Power of Siberia natural gas pipeline
  - The Russian House, Harbin, China
  - Chinatown, Nakhodka, Russia
  - APEC 2012, Russky Island, Russia
- Aerospace technologies in shipbuilding, building oil tankers using highly innovative technologies
  - A Hectare in the Far East
- Sochi–Moscow–Vladivostok motor rally

## Eastern Siberia — Pacific Ocean oil pipeline (ESPO pipeline)

Eastern Siberia — Pacific Ocean — vast expanses, power, wealth, mysteries of land and ocean. XXI century is the era of fast growth of Asia Pacific region. It's time when the Pacific Ocean is being explored deeply. Russia has been playing an important role in a world history. Russian Far East is less developed region. Realizing and understanding a strategy of developing Russian Far East may radically change for better the situation not only in Russia but worldwide.

## Reserves of humankind And Best Life contest

A motor rally Sochi–Moscow–Vladivostok took place at the end of 2017, passing through twenty two towns and cities of Russia and participating in Eastern Economy Forum in Vladivostok, September 6-7. At the forum we announced some of our coming events for 2018. Such as "Best Life" contest and "Reserves of Humankind" round the world expedition. Different parts of Russia had been rated during the rally. Based on this rating, such parts of Russia as Altay, lake Baikal area, Primorsky Krai (part of Russian Far East) and Crimea will be nominated to International Forum for comfortable living territories development.

# Transcontinental railway SIBERIA-ALASKA

Multifunctional line connecting Alaska and Siberia — a dream of many generations of scientists, travelers and politicians. Participation of Persian Gulf States into this project makes it more attractive and brings virtually unlimited prospects.

<b>Russia</b>	<b>the USA</b>
Siberia	Alaska
Putin	Trump

### Reserves and Outlook:

- Water
- Agriculture
- Construction
- Travel
- Industry

## Round the World Cruise — an international project

A project of round the world cruise onboard an ocean cruise ship. The mission of the trip is Reserves of mankind. It's an international platform where reserves for future generations will be sought. As Earth's resources running out, we need joint efforts on how to use natural resources effectively. It is also critically important to determine a line that mankind shall never cross!

### “Oasis of the seas”

is an ideal cruise ship for such a project with conference halls, golf field, theatre, fitness center, skating rink etc onboard.

Capacity 5400 passengers at double occupancy  
 Maiden voyage 5 December 2009  
 Tonnage 225 282 GT  
 Length 361 m  
 Beam 47 m  
 Height 72 m above water line  
 Draught 9 m  
 Speed 23 knots cruising  
 Crew 2384

### Topics of the project:

- Global climate
- Peaceful space exploration
- Desert greening
- Reserves of mankind
- Healthy lifestyle
- Starting point Chukotka
- A golden hectare in the Far East
- Food security
- Ecology and environmental protection
- Transcontinental railway Siberia–Alaska

### Participants:

Project initiators — union of photographers “Marine Art Club” and TON Corporation  
 The project is managed by “Pacific direction round the world” company  
 Participants — politicians, scientists, astronauts, actors, journalists, writers, sportsmen and entrepreneurs.

## A Hectare in the Far East

A hectare in the Far East is the program supported by Russian federal government. This is a new approach to develop the sparsely populated areas when each citizen of the country can get one hectare of free land. Mr. Fokin's family has been enjoying its hectare at Primorsky Krai, one of the Far East provinces of Russia, since 1989.

## Nursery Garden project

This project includes growing valuable species of trees, bushes and other plants to serve such needs as desert, cities and countryside greening, planting trees along rivers and lakes. Many species of plants could be restored thanks to such a nursery garden. We can benefit from this through establishing better land management, fighting desertification in different parts of the world and improving global food security.
